

## LOCAL MATTERS.

**WEATHER PROBABILITIES.**—War Department, Office of the Chief Signal Officer, Washington, D. C., Oct. 25, 1877.—10:30 a. m.—For the Middle Atlantic States partly cloudy weather, areas of light rain, warm southerly veering to colder northerly winds and falling followed by rising barometer.

**THE CANAL.**—The following items of canal news of interest are taken from the Cumberland papers of yesterday:—

The News says:—"The broken gates at the canal tunnel were repaired yesterday and boats began passing last evening, and numbers are expected at this city this morning. There were very few boats in port yesterday, and the shipments of coal by canal were not to be counted upon."

The Alleganians say:—"The departure of boats yesterday was only 20, being thus reduced on account of the retardation at the tunnel. Up to this date 4452 boats have cleared this port."

"The boat yards about town seem to be unusually quiet."

The canal boat Seneca collided yesterday afternoon with the boat H. M. Talbot at Georgetown. The side of the latter was stove in.

Schooners are scarce at Georgetown and this city, and a large number of boats are now lying in the canal, waiting to discharge their cargoes.

On Tuesday morning, a canal boat laden with coal struck a rock at Knoxville Furnace, and sunk. The cargo was immediately taken to unload and raised. This will require several days, and in the meantime no boats will be able to pass, which will naturally retard the coal trade. The boat was consigned to the American Coal Company at this city, and had on 107 tons of coal.

**MATRIMONIAL.**—Baltimore, near this city, the hospitable residence of Richard Lloyd, Esq., was the scene last night of a brilliant wedding, the principals in which were Dr. G. Whyte Cook, of Warren county, and Miss Rebecca Lloyd, the bright, young and winning daughter of the host. The marriage ceremony of the Presbyterian Church was performed by Rev. Dr. Bullock, and was witnessed by a large number of friends and relatives of the contracting parties.

The bride, in her wedding dress of white silk, with long veil and trailing garlands of orange blossoms, and the bridesmaids—Misses Lloyd, Parkes, Powell, Jackson and little Miss Lloyd—were radiant in silk, tulle and flowers, were arranged in a semi-circle, forming a striking tableau, and their beauty, heightened by the pleasing excitement always in attendance on like occasions, was rare and impressive.

The groomsmen were Messrs. Cook, Jones, Boyle, Lloyd, and Master Marye. The night was mild, and the bright full moon lent her aid in making it one of joy and pleasure long to be remembered. A large number of the young people of this city were in attendance, returning at a late hour.

**PERSONAL.**—The Portsmouth reporter of the Norfolk Virginia says:—

"Col. Wm. Kilgour, of Alexandria, whom our citizens well remember as one of the ablest democratic orators who addressed our people in the last gubernatorial campaign, was in Portsmouth yesterday visiting his numerous friends in this city."

The Norfolk Landmark says:—

"For the past few weeks our friend, Robert Bell, Esq., the enterprising superintendent of Portman's brewery in this city, has been engaged in fitting up a snug little home on Briggs' Point, much to the curiosity of his friends, from whom he successfully concealed his purpose, when, lo! and behold, he returned from Washington, where he was married on Monday to Miss Emma J. Sanna, of Carlisle, Pa. The happy couple arrived home yesterday morning and had our congratulations, and now there is one Bell more in Norfolk."

Gov. W. T. Walker, of Atlanta, Georgia, who is well known to many of the old soldiers of Corcoran's Brigade, was in the city to day.

**OUTLET LOCK.**—The Washington Republican says that the repairs to the machinery of the outlet lock on the canal above Georgetown, made necessary by the terrible accident and smash up in May last, are now nearly completed, and the lock will be ready for the passage of boats in about three weeks. Since the accident the repairs have been in charge of the officers of the canal company under the direction of Chief Engineer Hutton. The huge iron caisson was found to be but little injured, but with that exception all else is new. New counterbalances have been built and all the tracks have been relaid with steel rails, with a safety railbet between each to keep the cars at a stand still in case of accident. The beds for the heavy machinery have all been reset in solid masonry, and the machinery itself is a new wrought iron, and of such a character as to almost preclude the possibility of an accident in the future. A spacious workshop has been erected on the premises, which have been enclosed with a solid board fence. Altogether the repairs and improvements cost about \$15,000.

M. E. Church,—Rev. Dr. Morgan preached last night to a crowded congregation. The sermon was founded on Hebrews vii. 25, "Wherefore He is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them." The theme was "The intercession of Christ the ground of our belief in his ability to save all that come unto God by him." The discourse delivered by the reverend doctor was profound in thought, chaste in language, and eloquent in style. At the close of the sermon the pastor invited all who were interested on the subject of religion to remain for a season of prayer. A large number responded to the invitation, and one person went forward for counsel. The services rendered by the large congregations that attended his preaching and his visit to his old field of labor will be long and gratefully remembered. Rev. George Taylor, of Washington, will preach to-night.

**MUTUOUS CONDUCT.**—Thomas Tilley, alias Thomas Silley, and Geo. Harding, alias Cyrus Harding, were arrested on Tuesday in Georgetown on the charge of deserting from the schooner Wm. R. Huston, Capt. W. S. Gardner. They were tried before Justice Buckley, who rendered the usual decision, that the deserters be locked up until the vessel sailed. The vessel left Georgetown yesterday morning with the two men on board, and was towed down to this city. Upon arriving off the city the captain ordered the men to hoist the sails, which they refused to do, and told him that they would do no more work during the trip. The captain came ashore, and procured the services of officers Hayes and Hepburn, returned to the vessel and put the two men in irons, shipping others in their places. The vessel then proceeded on her way down the river.

**GOOD APPETITE.**—A young man, who is clerk in a store on the strand, entered a cafe for refreshment last night, and, remarking that he was hungry, ate the following articles: Two bananas, two California pears, one pint chestnuts, one orange, three bunches of Malaga grapes, three pieces of cake, two biscuits and two cups of coffee. Having paid his bill, he went home and ate his regular supper. His friends think of hiring the voracious young man to Baroom.

## THE DEBT COMMISSION.—The City Debt

Commission met at the Common Council chamber last night. As the reporters of the city papers were excluded, it is impossible to give a full report of the proceedings. It is understood, however, that the time of session—about three hours—was consumed in debate upon the report to be presented to the City Council. The general opinion was that a plan should be adopted for funding the debt at fifty cents on the dollar, and issuing new bonds to such bondholders as accept the compromise, no payment of interest to be made to such as refuse to receive the new bonds.

**BARNUM'S CIRCUS.**—According to previous announcement Barnum's Mammoth Circus arrived here this morning from Calverton. At about ten o'clock the grand procession took place, and was viewed with interest by the large crowd of people who lined King street from end to end. The number of cages of animals was very large, and the other features of the procession fine. The tent at this afternoon's performance was filled to repletion, and the indications for to night's performance are flattering. The annex, as well as the main tent, was largely patronized.

**CONSTABLE FINED.**—Rose Lewis, colored, made complaint at police headquarters yesterday that she had been assaulted and roughly handled by H. E. Drayton, the colored constable in the 31 ward. The alleged assault occurred when Drayton arrested the woman for the larceny of a goose. Justice Slaymaker tried the case, and Drayton was fined one dollar and discharged.

**Local Breiville.**

On Monday night some unknown persons cut off and carried away the limbs by which the tug boat Zeta, Capt. James D. Caton, was moored to the wharf, at Georgetown. Last night two negroes, Benj. Brooks and Andrew Davis, were arrested for committing the theft. Part of the rope was recovered at a junk shop on Bridge street, in that place.

Mr. Arthur Broadwater, whose farm is near Fairfax C. H., on the Little River turnpike, sent to this office today some of the largest and finest Irish Potatoes we have seen for a long time.

The executive committee of the so-called workingmen's party held a secret meeting last night.

Disappointment in matters of pleasure is hard to be borne; in matters affecting health it becomes cruel. Dr. Bull's Cough Syrup is a remedy for those who use it for obstinate coughs, colds, irritation of throat, lungs, &c.

Every druggist in Alexandria sells Durand's Rheumatic Remedy and Ludliff's Headache Specific; one cures rheumatism, the other the headache. This is positively the truth. Oct 25 31

**HANDKERCHIEFS.**—For a nice 25c Silk Handkerchief call at the Boss Clothing House, (Rheinhold's old stand), corner King and Fairfax streets. M. BENDHEIM, Proprietor. Oct 1

## From Washington.

[SPECIAL DISPATCHES TO THE GAZETTE.]  
WASHINGTON, D. C., Oct. 25.

It seems to be understood that the committee of the House will not now be announced before Monday next. Gen. Hutton will most probably be Chairman of the District of Columbia Committee. Mr. Harris is retained as Chairman of the Elections Committee, and Mr. Gould may be made Chairman of the Naval Committee. Mr. Tucker will remain, it is said, on the Ways and Means Committee.

The Colorado contested election case is still before the House, and is the event for the day of much bottled up rhetoric. Mr. Mills, of Texas, demoted, spoke in favor of seating the radical contestant.

The result of the race at Pimlico yesterday is the all absorbing theme to day, and the Kentucky men are subjected to much jeering upon the defeat of their favorite horse.

It is conceded here that the result of the election in Baltimore is the death blow to the so-called "workingmen's" party.

If it was so soon to be done for, wonder what it was begun for.

In order to have the committees made out the House has agreed to adjourn till Monday from to day.

Gov. Walker, of Va., to day made a brief but eloquent speech on the Colorado case.

**SENATE.**

The Senate met at noon.

A number of memorials were presented, among them,

By Mr. Withers—A memorial from the letter carriers of Petersburg, asking increased compensation.

Mr. Mitchell introduced a resolution, which was agreed to, authorizing the Committee on Privileges and Elections to send for persons whenever deemed necessary in the pending Louisiana case.

The Senate then adjourned.

**HOUSE OF REPRESENTATIVES.**

The House to-day, immediately after the reading of the Journal, took up the Colorado contested election case, when

Mr. Mills, of Texas, advocated the admission of Bedford, Md. He was followed on the same side by Mr. Banks, of Mass.

A motion prevailed that when the House adjourns to day it be till Monday next.

Gov. Walker, of Va., spoke briefly, but pointedly, in favor of a reference of the question to the Committee.

The debate was continued, and the case was sent to the Committee on Elections by a party vote.

A petition of 30 colored men for an appropriation to carry them to Liberia was received, after which the House adjourned.

**THE LOUISIANA CASE.**

The Senate Committee on Privileges and Elections resumed its session this morning.

Mr. Hoar, of counsel, introduced a resolution to the effect that in determining the legitimacy of the election before the committee it would be necessary for the committee to determine which of the rival legislatures was legitimate in January, 1877. This was adopted by a party vote.

Mr. Merrimon introduced a resolution that the committee proceed to examine the substantial merits of the claims of Messrs. Spofford and Kellogg.

This was agreed to unanimously.

The committee then adjourned until 10:30 o'clock to-morrow morning.

**THE OUTLOOK.**

The most thoughtful among the democrats begin to see that the republicans have determined to hold with the grip of death to all they can get hold of, and that Spofford's right to a seat in the Senate will be sacrificed to the needs, which the republicans feel, of keeping a radical majority in the Senate as long as possible.

**The Fairfax Delegate.**

In this evening's Gazette I find a communication signed by John B. Troth, Esq., in reply to my last communication, the drift of which I readily perceive to be to make the people believe that Mr. R. R. Farr, our nominee for the next House of Delegates, is totally incapacitated for the position. Mr. Troth ridicules the idea of Mr. Farr being a progressive man and at the same time a conservative, and infers that we two are not at all compatible and therefore cannot go together. Nevertheless Mr. Farr is both, as all persons who are true conservatives, and are free from personal prejudices, will testify on the 6th day of November next, by sending him to the Legislature by a handsome majority, and thus thwart the radicals and those who are blinded by personal prejudices and clannish traps. Now I will admit that my ideas of a true conservative and progressionist and those of Mr. Troth are exactly the reverse, and it only remains for the people to judge who is right. Mine is this: The man or party who, ever since the war, has labored with all his strength to redeem our beloved State from the thralldom of the republican yoke and place her in a position where she could regain her anti-bellum glory, is a true conservative and progressionist. His is this: The man or party who, ever since the war, has labored with all his strength to devastate and plunder our beloved State and place her people in a disfranchised condition, and place her in a condition where she (if not rescued) would be irretrievably lost, is a true conservative and progressionist. My ideas coincide to what the conservative party has done, and his to what the radical party would have done, and he, did do. But after thus expressing or intimating his ideas, he somewhat goes back on them by saying, "he and the rest of the radicals of Mr. Vernon District have been liberal radicals in sharing the offices of the said district with the conservatives. I believe in one or two cases this has been done, i. e., in the case of overseer of the poor, which no radical would have, because there was not 'millions in it,' and in the case of a constable, which no radical would have for fear he might have to flag some of his errand 'colored brethren.' This was liberal indeed, and I give the radicals all the credit for it they claim. When I wrote my last I did not expect to be brought into a newspaper correspondence with Mr. Troth or any one else. I simply expressed my opinion of Mr. Farr's worth, which I certainly had a right to do, and in that Mr. T. or no one else can change me. It is now evident that the radicals and their conservative allies are doing everything they can fairly or foully to do to defeat Mr. Farr, and if the conservative party do not awake from the lethargic state in which they seem to be, they will succeed. In us then, O good people of Fairfax, be up and do, and do it for the good of our country, and do it for the sake of our work. Mr. Farr is a true conservative and progressionist, and above all is the regular nominee of the conservative party for the House of Delegates, and as such is entitled to the entire vote of the said party, which I trust he may get, so that Fairfax may at least be represented in the Legislature once in four years. Conservatives let your watchword be, no dep-ramund, and victory is yours. Truly, &c.,  
FARRAN C. H., VA., Oct. 24, 1877.

**GRAPE JUICE.**—The art of fermenting the Oporto Grape into wine in this country has been brought to a greater degree of perfection by Mr. Alfred Spear, of Passaic, N. J., than by any other person; in fact, he was the pioneer in introducing and advertising Native Wines. He has purchased hundreds of tons of grapes besides his own vintage. Mr. Spear's success has arisen from the strict purity and valuable properties of his wines for invalids and feeble persons, and his reputation extends around the world. Oct 25-11
